Personal Projects

A Moment For Mental Health - March 2022 | GitHub   **Figma**
This App made meditation simple, teaching you life-changing mindfulness skills
in just a few minutes a day.

Dashboard Design - October 2022 | GitHub   **Figma**
This design is a budgeting tool where users can clearly see where their money is going so
they can adjust their spending habits and think long-term.

Case study - October 2022 | GitHub   **Figma**
This case study shows how I worked on our mental health project and will walk you
 through our process.

Charity water Page redesign - October 2022 | GitHub   **Figma**
Redesigned Charity Water's current Get Involved page to be more engaging and
interactive while embodying the brand tone highlight.
